Module content

This module offer knowledge and skills in best practice corporate responsibility tools and standards ensuring a strong understanding of stakeholder engagement, integrated reporting and the ability to apply reporting guidelines with improved strategic capabilities in the field of integrated reporting and enable participants to develop, validate and communicate their competence in a systematic manner improve stakeholder confidence in the expertise of integrated reporting.

This module incorporates the learning outcomes of the International Integrated Reporting Council <IR> Competency Matrix. These practically oriented learning outcomes are supported with strong theoretical foundations in social and environmental accounting literature. After completing this module, students will firstly illustrate basic technical integrated reporting competencies, and secondly, the ability to critically analyse the quality and rigour of integrated reports.
