Module content

By using appropriate methodological approaches and research methods, selected aspects of related modules in security studies are applied to specific security and strategic case studies and issues of importance. In addition to the emphasis on methodological aspects and selected research methods, attention is also paid to the development, structure and writing of research reports in the field of security studies. This module has an approved research proposal on a security or strategic theme for the mini-dissertation that also complies with ethical guidelines, as an outcome.
