### Module content

Advanced translation principles and practice. Students apply their knowledge of the use of HLT (human language technology) in translation practice. Specialisation in various types of translation such as technical translation, legal translation, literary translation (prose and/or poetry), administrative translation (service prose), translation of advertisements, etc. Students choose their field(s) of specialisation in consultation with the lecturer, using any language combination offered by the Language Departments, provided that the particular language combination can be accommodated during any given year. Where possible, practising translators specialising in the various types of translation are invited to participate in the module.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
