Renewal of registration

1. Subject to exceptions approved by the Dean, on the recommendation of the head of department, and in the case of distance education where the Dean formulates the stipulations that will apply, a student may not sit for an examination for the honours degree more than twice in the same module.
2. A student for an honours degree must complete his or her study, in the case of full-time students, within two years and, in the case of after-hours students, within three years of first registering for the degree and, in the case of distance education students, within the period stipulated by the Dean. Under special circumstances, the Dean, on the recommendation of the head of department, may give approval for a limited extension of this period.

In calculating marks, General Regulation G.12.2 applies.

Apart from the prescribed coursework, a research project is an integral part of the study.

Toelatingsvereistes

'n BSc-graad in Voedselwetenskap met 'n slaagsyfer van minstens 60%. 'n Kandidaat met 'n ander, maar toepaslike akademiese agtergrond kan vir die program toegelaat word, op grond van 'n voorlopige eksamen en/of op die voltooing van sekere voorgeskrewe modules, gemik op die aanvulling van agtergrond kennis.

Ander programspesifieke inligting

Each candidate must complete elective modules to a total of 30 credits. We strongly recommend the following two modules as electives, or other modules as approved by the head of department:

- FST 701 Animal food technologies 701
- FST 702 Advanced plant food science and technologies 702

Slaag met lof

The BScHons degree is awarded with distinction to a candidate who obtains a weighted average of at least 75% in all the prescribed modules and a minimum of 65% in any one module.
