Admission requirements

An LLB, BProc or equivalent qualification from a foreign university that allows the applicant entrance to the formal legal profession.

In addition to an LLB, BProc or equivalent qualification from a foreign university that allows the applicant entrance to the formal legal profession, the following requirements are set for admission of a prospective student to the LLM Coursework programme:

A minimum average mark of 65% with respect to the prescribed final-year modules of the undergraduate programme is required for admission to an LLM coursework programme.

Where an average of below 65% is achieved, the student may be admitted on recommendation of the relevant

head of department after consultation with the programme coordinator and consideration of other merits (eg relevant professional experience; the applicant's performance in undergraduate modules related to the particular LLM; the candidate's performance in independent research essays or similar components) and/or an admission examination.

Linguistic competence, primarily in English; foreign applicants who did not complete undergraduate studies through the medium of English must show proof of competence in English at a minimum average level of 6 out of 10 for IELTS or a minimum total score of 83 in TOEFL calculated as follows: reading 21, listening 17, speaking 23 and writing 22. In any other instance where there is doubt as to the English linguistic competence of an applicant, the Dean may require the same proof as prescribed for foreign applicants.

Foreign qualifications are subject to SAQA evaluation. (Some LLM coursework programmes or modules as indicated in the yearbook may only be available to students who hold a relevant South African legal qualification.)

Even though a student may comply with the above requirements, the Dean may, on the recommendation of the head of department presenting a specific degree or module, refuse to accept a prospective student for any LLM programme if such a student's performance in the chosen modules or field of study during undergraduate study was not satisfactory. Alternatively, the Dean could set additional requirements with a view to admission

An admission examination may also be required in respect of a particular programme or module.

Particular LLM programmes have additional selection criteria and deadlines specific to those programmes

Additional requirements

This LLM is presented annually. A maximum of 8 candidates can be accommodated. It is a specific requirement that the applicant must have completed a module in taxation during the undergraduate studies and the candidate must have experience in the tax environment. The successful completion of the professional examinations to practice as an attorney or an advocate will be recommendations to be accepted on this LLM. If more than 8 candidates qualify to be admitted, the general selection guidelines will apply and an entry test to serve as special selection criteria may be required to identify the successful candidates.

Duration

The duration of the programme will in general be four semesters (2 years) but may be completed within two semesters (1 year) where possible, subject to fulfilment of all the requirements for the degree and payment of the full amount prescribed for the LLM degree. Programmes may also be structured to allow for one year of study only. The one- or two-year period may only be extended by the Postgraduate Committee on recommendation of the Head of Department based on good reason shown and if it is clear that the student will be able to complete the programme in a further year of study.

2. Consult the Faculty of Economic and Management Sciences yearbook for an MCom in this regard.
3. The mini-dissertation must comprise a minimum of 15 000 words including footnotes but excluding the list of contents and the bibliography.

Examinations and pass requirements

In the event of having failed all modules during a particular year of study, a student will only be allowed to continue with his/her studies with the consent of the Postgraduate Committee. Although no supplementary examination will be granted with regard to LLM and MPhil modules, the General Regulations (Regulation G.12.3 and G.12.6) apply with regard to special and ancillary examinations.

Research information

The relevant head of department must recommend a supervisor and title for a mini-dissertation and these must be approved by the Postgraduate Committee. The mini-dissertation must be assessed and finalised as set out in the Faculty Board-approved LLM Policy Document of the Faculty. Mini-dissertations, where required, must be submitted in the format determined by the supervisor and approved by the Postgraduate Committee. The supervisor may likewise and subject to the approval of the Postgraduate Committee also determine the research topic and the scope of the proposed research.

Pass with distinction

For the degree to be awarded with distinction a student must obtain an average of at least 75% for all the coursework modules, as well as a minimum of 75% for the mini-dissertation. The modules must have been written for the first time.

General information

Language policy

The medium of instruction will be English. However, should circumstances allow it, an LLM module may be presented in Afrikaans. The Dean, in consultation with the relevant head of department, determines the language policy.

Period of registration

At the commencement of a particular module students should be registered for that module and attend the lectures. Alternatively, the permission of the programme coordinator or head of the department should be obtained before a student may be allowed to follow a specific module in a another year of study.

Limiting of modules on offer in a particular academic year and availability to foreign students

The Dean determines which modules will be presented each year, taking into consideration the availability of lecturing personnel, space and financial implications and/or other circumstances. The Dean may, on recommendation of the relevant head of department, determine the maximum number of registrations for a specific elective module in terms of the prescribed guidelines. The Dean may also, on recommendation of the relevant head of department, determine that a particular LLM module will not be offered where on the first day of lectures four or fewer students are registered for such module.

In the case of foreign students additional requirements may be set by the Dean and the modules available to such students may also be limited.

Replacement of modules

The Dean may, on recommendation of the relevant Head of Department, allow a student to replace one prescribed LLM module for a particular master's programme with another LLM module where such an exception is not otherwise permitted, on condition that good cause is shown why such an exception is required.

Credit for modules completed at another institution

The Dean may, on the recommendation of the relevant head of department, credit a student for a maximum of two modules completed at another institution on condition that it complies with the requirements of this Faculty. Where such modules do not bear the same titles as modules offered at this Faculty, modules with substantially the same content as determined by the relevant head of department may be granted credit in their place, or where, in the absence of such closely related modules, modules that are still relevant within the broad ambit of a specific LLM degree may be granted credit under special codes for the purposes of such a degree. Additional requirements may also be set before any such module will be granted credit in order to ensure compliance with the requirements of this Faculty.

Credit for non-legal components

In order to qualify for an LLM degree with non-legal components, the specific degree can at most include one non-legal module of the prescribed number of modules from a related field, and with the special permission from the Faculty Board.

Note that credit will not be given for modules which form part of another degree where the student has already complied with the requirements of such a degree. This rule is also applicable in instances where the student is currently also registered for another degree.

Re-registration for modules

A student may not register more than twice for the same module. In order to pass a module the student must obtain a final mark of 50%.
