Programme information

This programme provides theological training and formation aimed at the needs of churches. It comprises two aspects, namely a general denominational aspect and a specific denominational aspect. The structure of the programme is determined by a balance between the (1) Biblical scientific dimensions, (2) historical and systematic theology and (3) applied dimensions in the field of theology.

The outcome that the programme aims to achieve, is theoretically supported formation aimed at a broad spectrum of ministerial needs. For this purpose certain elements of the programme are presented in partnership with churches that support the programme.

A student who registers for this programme has to submit his or her curriculum to the Dean for approval at the beginning of each year.

Admission requirements

- The following persons will be considered for admission: a candidate who is in possession of a certificate that is deemed by the University to be equivalent to the required Grade 12 certificate with university endorsement; a candidate who is a graduate from another tertiary institution or has been granted the status of a graduate of such an institution; and a candidate who is a graduate of another faculty at the University of Pretoria.
- Life Orientation is excluded in the calculation of the APS.

Other programme-specific information

Notes:

- Academic literacy: The following modules must be completed during the first year of study: ALL 110 (not compulsory if the candidate is exempted on the grounds of the NSC-symbol for English) and ALL 120. All students must pass ALL 120 as part of the prescribed curriculum.
- Computer literacy: The following module must be completed during the first year of study: AIM 101 or AIM 102 (or AIM 111 and AIM 121).
- If an elective module does not attract enough enrolments to be presented economically, the Dean may decide to withdraw it from the offering. Students will be advised in time of such a decision to enable them to register for another module.
- A student may, with the consent of the Dean, exceed the number of modules per study year by two semester modules or one year module.
- Recognition of modules already passed: A maximum of two semester modules from another faculty will be approved by the Dean, on condition that it is of adequate credit value and not yet presented for a completed degree.
- CYE is not taken into account.
- OST 410 comprises an independent study on a subject in any of the disciplines of the BTh (excluding Practical Formation) under the supervision of a lecturer of the relevant department.

Examinations and pass requirements

Special examinations

See *General Regulations G.12.4 and G.12.6*.

A student who complies with all the requirements for the degree with the exception of a maximum of two semester modules or one year module in each of which a combined mark of at least 40% has been obtained, may be admitted to a special examination in the modules concerned at the end of the following semester.

Promotion to next study year

1. To be admitted to the modules of the second year of study, a student must pass at least seven semester modules unless the Dean decides otherwise.
2. To be admitted to the modules of the third year of study, a student has to pass at least 15 semester modules, including Greek 110 and 120 and Hebrew 110 and 120, unless the Dean decides otherwise.
3. To be admitted to the modules of the fourth year of study, a student has to pass 24 semester modules including Greek 210 and 220 and Hebrew 210 and 220, unless the Dean decides otherwise.

Academic exclusion

The Dean may on recommendation of the relevant faculty committee, exclude a student academically by the cancellation of the registration for that particular year or the next year, if he or she does not comply with the minimum set requirements. You may appeal against academic exclusion.

Pass with distinction

The degree is conferred with distinction on a student who obtains an average of 75% (GPA) in all the prescribed modules of the final year and 75% in the independent study (OST 410), provided that not one of the modules had been failed previously and that the programme was completed within the minimum prescribed period.

General information

In order to qualify for the Dean's list, a student must have an outstanding academic record for completed studies. Undergraduate students (BDiv, BTh and Dip[Theol]) must have achieved an average of 75%(GPA) or above in all of their years of study. No modules should have been repeated, and all modules must be registered in the same year for the specific year.

Honours students must achieve an average of 75% (GPA) or more. The degree must be completed in one year for full-time students and two years for part-time students. No modules should have been repeated.

Master's students must achieve an average of 75% (GPA) or more, and the degree must be completed in the minimum prescribed time.

The top achievers of the Faculty selected to become part of the Dean's list will annually be acknowledged at a function hosted by the Dean.
