## Research information

The research proposal (EBW 801) has to be approved by all relevant committees before the candidate commences with the thesis. The candidate will then continue to work under supervision of his/her supervisor(s) to complete the research and to develop and finalise a thesis according to departmental guidelines and regulations. Before or on submission of the thesis, the candidate must submit at least one draft article for publication in a recognised scientific journal. The draft article should be based on the research the candidate has conducted for the thesis and be approved by the supervisor(s). The draft article is a requirement for the degree to be conferred on the candidate. The candidate has to give advance notice, in the appropriate format, about his/her intention to submit the thesis.

The weight of the research component contributes 100% towards the total requirements for the degree. The duration of the degree is a minimum of three years and must be completed in four years.

The extent of doctoral study (See General Regulations G.42 – G.53) Thesis: A candidate for the DCom, DAdmin or PhD degree must submit a thesis on a topic that has been recommended by the head of department or the director of the school and approved by the Postgraduate Committee. Examination of the thesis

1. A thesis must be proof of a candidate's ability to work independently and must contain proof of a candidate's ability to conduct original research that contributes to the development of new knowledge and expertise.
2. Sufficient number of bound copies of the thesis must be submitted to the Head: Student Administration for examination, after obtaining permission from the supervisor.
3. An oral examination chaired by the head of the department during which the candidate is required to do a presentation on the thesis will be scheduled before the degree can be conferred.
