<b>Period of presentation</b>	Semester 2

### Module content

Verbal and visual expression in the ancient world: looking for answers

This module entails an overview of the research process in ancient culture studies, especially the identification of a research problem, formulating a research question, proposing a suitable hypothesis and applying suitable research strategies through the discussion of relevant themes on the ancient world. Students are then guided towards independent research on themes of their choice relating to departmental research interests by applying the knowledge and skills gained throughout the entire course of ancient culture studies.
