### Module content

Students are required to develop a clearly defined research proposal on a topic of the student's own choice within one of the research fields/research projects in the department. The proposal should reflect a clear understanding of the different components of the research process (identification of a research problem, formulation of a hypothesis, choice of an appropriate research approach, formulation of clear research objectives, choice and application of an appropriate research methodology). The proposal should reflect that students understand the different types of research methodologies that can be used in investigating the Ancient World.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
