### Module content

The purpose of this elective course is to discuss, at the level of the country and organisation, the concepts of transformation. It addresses the corporate citizenship role that organisations have to play in transforming South Africa.

The first part of the course will deal with the country's legislation framework on transformation, the drivers of the legislation and the governance structures in government to monitor and measure the transformation progress in South Africa. We will also take stock of the status of transformation in the country.

The second part of this elective will focus on the challenges and opportunities in the country and the workplace in relation to transformation.
