### Module content

This module will introduce you to the mega-trends and futures-thinking tools you will need to be more resilient and successful in the 21st century. This module views future-fitness in two ways: in terms of *alignment* – i.e. fitting, like a jigsaw piece, into the bigger picture of an emerging world; and in terms of *agility* – i.e. building up the kind of fitness that allows quick reflexes and strong performance in response to future conditions.
