Module-inhoud

*Hierdie inligting is slegs in Engels beskikbaar.

This elective focuses broadly on developing general management best practices for the Chinese business environment. It thus addresses broader issues and competencies relevant to understanding business in China. Apart from basic business acumen, this includes a cultural awareness and political savvy that allows managers to navigate their way through complex issues successfully. The seamless transition between politics, policy and business in China distinguishes it from the Western models of doing business and requires an alternative mindset.
