<b>Period of presentation</b>	Semester 2

### Module content

Building an agile and innovative organisation has become a critical requirement to participate successfully in the current competitive landscape. In this elective students will build a working knowledge on the fundamentals requisite for an innovation culture to flourish. Through cases, company discussions and mixed media methods, students will also cover the components, structures, processes and mind-sets involved in developing a functional innovation system. The focus will change year on year depending on what the current trends are and students are advised to consult the elective manual each year for further guidance.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
