### Module content

This module has three components: a) research methodology and dissertation, b) music therapy theory which includes general music therapy theory and broader theories of therapeutic practice, group theory, community music therapy, clinical pathology, neuropsychology and ethics, c) clinical studies which include clinical resources, documentation and assessment and an introduction to the other Arts Therapies. The student is required to pass each component separately with a minimum of 50% in order to comply with the requirements of the degree.

Furthermore, the student is required to complete a supervised clinical internship of 1 000 hours, assessed in accordance with the Minimum Standards of Training as set out by the Health Professions Council of South Africa.

The student will only be eligible for registration with the HPCSA upon passing both MUZ 885 and the clinical internship.
