

University of Pretoria Yearbook 2018

Principles in applied ecology 705 (ZEN 705)

Qualification	Postgraduate
Faculty	Faculty of Natural and Agricultural Sciences
Module content	The module focuses on forces that drive population and community patterns and processes across temporal and spatial scales. Attention is given to the scientific application of ecological and macro-ecological principles that relate to short- and long-term population and community responses to environmental change. Group discussions based on current literature provide opportunities to apply theoretical principles to problem solving.
Module credits	13.00
Programmes	BScHons Entomology BScHons Zoology
Prerequisites	No prerequisites.
Contact time	4 discussion classes per week
Language of tuition	Module is presented in English
Department	Zoology and Entomology
Period of presentation	Semester 1
