Toelatingsvereistes

- BCom Honours degree in Human Resource Management or Industrial and Organisational Psychology passed with an average of at least 65%.
- Psychometrics or equivalent at Honours level.
- Student numbers are limited.
- The head of department may set additional admission requirements.
- The number of students will be determined in line with the growth strategy of the University of Pretoria as approved by the Executive.
- Allowance will be made for the diversity profile of students.

Eksamens en slaagvereistes

The pass mark for both a dissertation and a mini-dissertation is 50%. The provisions regarding pass requirements for dissertations, contained in General Regulation G.12.2, apply mutatis mutandis to mini-dissertations.

A pass mark of at least 50% is required in the examination of each module.

Navorsing

The research article or research mini-dissertation contributes 50% toward the total requirements for the degree.

Dissertations/mini-dissertations, curricula and modules

1. The degree programme requires that a dissertation/mini-dissertation must be submitted in a field of study chosen from the fields covered for the honours degree, provided that the Dean may, on the recommendation of the head of department/Postgraduate Committee concerned, approve the replacement of the required dissertation by the successful completion of a prescribed number of module credits and a mini-dissertation/research article.
2. Information on modules, credits and syllabi is available, on request, from the head of department/Postgraduate Committee concerned.
3. A module in Research Methodology is compulsory in all programmes. The Dean may, on the recommendation of the head of department/Postgraduate Committee concerned, waive the prerequisites.

4. Sufficient number of bound copies of the dissertation/mini-dissertation must be submitted to the Head: Student Administration for examination, after permission is granted by the supervisor.

Article for publication

A dean may require, before or on submission of a dissertation/mini-dissertation, the submission of a draft article for publication to the supervisor. The draft article should be based on the research that the student has conducted for the dissertation/mini-dissertation and be approved by the supervisor concerned. The supervisor should then have the opportunity to take the paper through all the processes of revision and resubmission as may be necessary and/or appropriate in order to achieve publication.

Submission of dissertation/mini-dissertation

A dissertation/mini-dissertation is submitted to the Head: Student Administration/Departmental Postgraduate Office, before the closing date for the various graduation ceremonies as announced annually.

For examination purposes, a student must, in consultation with the supervisor, submit a sufficient number of bound copies and/or e-copies of the dissertation/mini-dissertation, printed on good quality paper and of good letter quality, to the Head: Student Administration/Departmental Postgraduate Office. Permission to submit the dissertation/mini-dissertation in unbound form may be obtained from the supervisor concerned on condition that a copy of the final approved dissertation/mini-dissertation is presented to the examiners in bound format or electronic format.

In addition to the copies already mentioned, each successful student must submit a bound paper copy as well as two electronic copies of the approved dissertation/mini-dissertation to the Head: Student Administration/Departmental Postgraduate Office in the format specified by the faculty and in accordance with the minimum standards set by the Department of Library Services, before 15 February for the Autumn graduation ceremonies and before 15 July for the Spring graduation ceremonies, failing which the degree will only be conferred during a subsequent series of graduation ceremonies.

First, this module requires students to come to grips with the basic building blocks of the field of Cross-cultural Psychology. This is done by reviewing the relevant literature to develop an understanding of different kinds of theories and models in Cross-cultural Psychology. Second, students are required to build their own conceptual/mental models in the different areas of Cross-cultural Psychology and to have a thorough understanding of the nature and dynamics of Cross-cultural Psychology in the work context. Thirdly the module requires students to integrate contextualised theory and models of Cross-cultural Psychology and how they relate to the world of work.

Students develop a conceptual and theoretical insight of AC practice by exploring the available scientific literature on AC. They need to know the guidelines that regulate AC practice (locally and internationally) and must have a good understanding of their implementation in the work context. Students also have to develop a practical AC for the work context where they apply AC theory and models, including the mixed-method design and trait activation theory, and have to develop their own competency model for a position, matrix grid and AC exercise. Finally, they must demonstrate how they understand the nuts and bolts of AC techniques and the practical application of the AC in an organisation.
