### Module content

Sex, gender and healing

This module explores sex, sexuality, gender, sickness and healing. It entails analysing the ways in which these concepts are understood in diverse social contexts and studies how anthropologists think about them in contemporary society.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
