Module content

This module requires students to identify research problems/gaps, formulate a problem statement and literature study and develop research objectives/questions/hypotheses within the fields of Industrial Psychology, Human Resource Management and Labour Relations. Qualitative and quantitative methodologies will be learned and applied, and students need to apply knowledge in order to gather information (articles, books etc), referencing, data collection and data analyses.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
