Maxillo-facial pathology 470 (MFP 470)

Qualification Undergraduate **Faculty** Faculty of Health Sciences Module credits 11.00 **Programmes BChD** GNK 388,MDB 370,TGG 370,FSG 370,FAR 370,RAD 370,TBW 370,ODO 370,PDL **Prerequisites** 370,DFA 370 1 lecture per week, 1 other contact session per week, 1 practical per week, 1 Contact time discussion class per week Language of tuition Module is presented in English Oral Pathology and Oral Biology **Department**

Period of presentation Year

Module content

The modules in this subject will empower the student with knowledge of the embryology, anatomy, physiology and pathology of the oral mucosa, the salivary glands, intra- and extraoral soft tissue and bone in order to diagnose and manage lesions, diseases and conditions of the oral mucosa, salivary glands, intra and extraoral soft tissue and bone.

The information published here is subject to change and may be amended after the publication of this information. The **General Regulations** (**G Regulations**) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the **General Rules** section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
