Contact time 1 lecture per week

Language of tuition Module is presented in English

Department Psychology

Period of presentation Semester 1 or Semester 2

Module content

*Closed - BSocSciHons (Psychology) only. Requires departmental selection.

This is a theoretical module that deals with the process of assessment of human behaviour within various contexts. It does not include professional training to become a psychometrist. It does include topics such as the multi-dimensional nature, purpose, and characteristics of assessment; critical issues in psychological assessment within the South African context; the reasons for statutory control of psychological assessment and the ethics of assessment; the appropriate use of different kinds of psychometric and assessment methods and instruments; and the process of integration of assessment results and report writing.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
