Live performance and digital performance

This module employs the notions of making, appreciating and performing to explore selected modes of contemporary live theatrical performance as well as performance for the digital media.

This module further offers discipline specific skills training in relation to selected voice and body movement pedagogies in the context of making, appreciating and performing. Students need to select two of the four available skills training options (physical theatre/dance; singing voice, theatre voice, movement for the actor) in consultation with lecturers.

This module consolidates the conceptual, vocal and physical skills acquired in the previous two years and focuses on the application of heightened physicality and vocality in performance.
