Period of presentation	Semester 2

Module content

An introduction to foundational theories of literary translation: (comparative) study of published translations (source text in relation to target text, as well as multiple translations of the same source text); strategies for literary translation; source-text analysis; aspects of register and culture; practical translation (shorter prose, as well as a selection of children's literature).

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
