During the first year, students will explore a range of 2D, 3D and digital mediums and processes as practiced in various studio modalities, including graphic printmaking, painting, sculpture, drawing and digital laboratories. The subject will develop students' technical abilities and artistic expression related to ideas, formal aspects, materials and techniques through the processes of conceptualisation, observation, visualisation, materialisation, documentation, representation and presentation of artworks. Students are introduced to Fine Art research approaches and methods. Through themed projects and self-study, students will explore critical concepts and methods in historical and contemporary art practices.
