

University of Pretoria Yearbook 2020

Clinical practice in diagnostic radiography 100 (CDR 100)

Qualification	Undergraduate
Faculty	Faculty of Health Sciences
Module credits	10.00
Programmes	BRad in Diagnostics
Prerequisites	No prerequisites.
Contact time	3 discussion classes per week
Language of tuition	Module is presented in English
Department	Radiography
Period of presentation	Year

Module content

Clinical practice to operationalise and integrate the fundamental theoretical components of the first year of studies. Students will be involved in patient care and communication in diagnostic radiography, undertake operating of diagnostic radiography equipment, whilst practicing health and safety principles in the moving and handling of patients. Students will be allocated to clinical training platforms where patient/public interactions, and interprofessional skills and behaviours are developed.

This module has 10% of the specified clinical training hours necessary to complete specified clinical competencies for the course in an HPCSA accredited facility.
