### Module content

This module is presented during one of the recess periods during the second year of study. In this module the student will become acquainted with relevant regulations and legislation and basic aspects of wiring practice. Students will be informed by the Department if, for practical reasons, the module needs to be offered in a different time slot.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
