Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 2

Module content

This course continues the themes developed in Managing operations for results, bringing a more integrated, cross-disciplinary approach to the task of producing results in the “engine room” of the company. Case studies, visits and practical exercises will help you develop effective ways of innovating and managing across the organisation’s structures, systems and processes to improve performance across different industries. You will be required to apply models of innovation, design and management of processes to your own organisation.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
