

# University of Pretoria Yearbook 2020

## MSc Biochemistry (02250512)

**Minimum duration of study** 1 year

**Total credits** 180

**NQF level** 09

### Programme information

The MSc degree is conferred on the grounds of a dissertation and such additional postgraduate coursework as may be prescribed.

#### Renewal of registration

As long as progress is satisfactory, renewal of the registration of a master's student will be accepted for the second year of the study. Registration for a third and subsequent years will only take place when the Student Administration of the Faculty receives a written motivation that is supported by the relevant head of department and Postgraduate Studies Committee.

#### General

Candidates are required to familiarise themselves with the General Regulations regarding the maximum period of registration and the requirements on the submission of a draft article for publication.

### Admission requirements

- BScHons (Biochemistry) or on recommendation from the head of department
- At least a final grade point average of 60% for the preceding degree

### Additional requirements

A recommendation from the head of department and depending on availability of supervisor/s and/or projects within the department.

### Promotion to next study year

The progress of all master's candidates is monitored biannually by the supervisor and the postgraduate coordinator. A candidate's study may be terminated if the progress is unsatisfactory or if the candidate is unable to finish his/her studies during the prescribed period.

Subject to exceptions approved by the Dean, on recommendation of the relevant head of department, and where applicable, a student may not enter for the master's examination in the same module more than twice.

## Pass with distinction

The MSc degree is conferred with distinction to candidates who obtain a final average mark of at least 75% and a mark of at least 75% for the dissertation/mini-dissertation from each of the members of the examination panel. Where a member of the examination panel awards a mark of less than 75% for the dissertation/mini-dissertation, that member of the examination panel must offer, in writing, support for his/her decision, or indicate in writing that he/she supports the examination committee's decision to confer the degree with distinction.

---

## Curriculum: Final year

### Core modules

#### Biochemistry: Dissertation 890 (BCM 890)

|                               |   |
|-------------------------------|---|
| <b>Module credits</b>         | 180.00                                  |
| <b>Prerequisites</b>          | No prerequisites.                       |
| <b>Language of tuition</b>    | Module is presented in English          |
| <b>Department</b>             | Biochemistry, Genetics and Microbiology |
| <b>Period of presentation</b> | Year                                    |
