

University of Pretoria Yearbook 2020

MConSci Food Management (02253013)

Minimum duration of study

2 years

180

Total credits

NQF level 09

Admission requirements

- For the MConsumer Science degree in Clothing, Interior, Foods and Nutrition, a four-year BConsumer Science degree that is BCom-based, is required.
- For the MConsumer Science General, other applicable four-year degrees will be considered.
- A minimum average of 60% in the broad area of specialisation that the student wishes to pursue is required

Other programme-specific information

Depending on the academic background of the student and the chosen area of study, it may be required of the student to do additional coursework.

A basic course in statistics is compulsory when a quantitative approach is used for the research for the dissertation.

Work on the dissertation consists of three parts, namely a research proposal, project execution, and writing the dissertation. It is compulsory to give an oral presentation of the proposal as well as of the research on completion of the degree.

Pass with distinction

The degree is conferred with distinction on a student who obtains a final average of at least 75%, as well as at least 75% for the dissertation and provided that all the members of the Examination Commission indicate in writing that the degree be conferred with distinction.
