Module content

This elective aims to discuss the art and science of management consulting. Students will be tasked to integrate various skills, competencies and tools of high relevance to management consulting so that they can develop their own frameworks and meta-frameworks as part of their consulting toolbox.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
