Module credits	6.00
NQF Level	09
Prerequisites	No prerequisites.
Contact time	21 Hours
Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 1 or Semester 2

Module content

Module content This module aims to provide students with a better understanding of the implications of intended and unintended technology transfer for the multinational corporations and for society. It focuses both on strategies that advanced multi-national corporations operating in emerging markets, and emerging multi-national corporations operating in either high- or low-income markets can follow to ensure that such technology transfer is beneficial rather than damaging to the multi-national corporation.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
