Faculty	Gordon Institute of Business Science
Module credits	6.00
NQF Level	09
Prerequisites	No prerequisites.
Contact time	21 Hours
Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 1 or Semester 2

Module content

Value can be found, and money made, if a predetermination of a company's worth can be made before the market itself correctly prices the company's shares. During this elective the students will build full forecast models of income statements and balance sheets, from which a discount cash flow analysis can reveal a company's true intrinsic value. Excel, the equity analyst's tool of choice, will be used for the modelling. Two Excel Add-ins will be provided: One will provide access to all fundamental accounting data for all listed companies. The other, provides a full set of JSE trading data from which costs of capital can be derived, and comparisons made with peers.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
