### Module content

\*Closed – only for BDram students

Digital media

This module trains students to utilise available hardware and software used in filmmaking processes. With its emphasis on camera and editing technologies, the module introduces students to studies of mise-en-scene, decoupage and haptic criticism in engaging with the visual image. Students will also be introduced to radio as medium for fiction by interrogating the dynamics and processes of radio as a medium for communicating fiction.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
