Module credits	18.00
NQF Level	07
Programmes	AdvDipl in Visual Impairment (Distance Education)
Prerequisites	No prerequisites.
Language of tuition	Module is presented in English
Department	Educational Psychology
Period of presentation	Semester 1 and/or 2

Module content

This module will provide students (teachers) with a basic understanding of the field of orientation and mobility. The module will introduce students to the invaluable role of orientation and mobility skills in the life of a learner with visual impairment as well as the function of different role-players in this context. The focus of the module is on key concepts and skills in the field of orientation and mobility that are needed for safe travelling and independence. Students will be equipped to reinforce and infuse these concepts and skills in their teaching practice.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
