MScAgric Animal Science Animal Nutrition (02255008)

Department Animal Science

Minimum duration of study 2 years

Total credits 180

NQF level 09

Programme information

The curriculum for the MScAgric degree consists of a dissertation of 180 credits.

An MScAgric degree in Animal Nutrition offers students the opportunity to conduct research in monogastric or ruminant nutrition in extensive and intensive livestock production systems. Research aspects in animal nutrition may include ruminal and gut manipulation with feed additives, alternative feeds, minerals and the use of plant extracts to modulate rumen fermentation, immune modulation, gut health and the rumen microbiome. This program offer opportunities for inter disciplinary research.

Residence

On the recommendation of the relevant head of department, the Dean may set specific residential requirements for the MScAgric degree.

Renewal of registration

As long as progress is satisfactory, renewal of the registration of a master's student will be accepted for the second year of the study. Registration for a third and subsequent years will only take place when the Student Administration of the Faculty receives a written motivation which is supported by the relevant head of department and Postgraduate Studies Committee.

Curriculum

Subject to programme-specific requirements, the curriculum for the MScAgric degree consists of the following:

- A dissertation; and
- Further study in the major subject/s, augmented by ancillary modules prescribed by the Postgraduate Studies Committee, on the recommendation of the head of department. Such ancillary modules may be taken simultaneously with the major subject/s. Candidates in possession of the BScAgricHons degree may be exempted from additional ancillary modules.
- Please note that not all modules will be offered in any one year.

General

Candidates are required to familiarise themselves with the General Regulations regarding the maximum period of registration and the requirements on the submission of a draft article for publication.

Admission requirements

1. BScAgric (Animal Science) degree **or** relevant honours degree
2. A weighted average of at least 60% at honours level
3. An admission examination may be required

Note: Additional modules may be required in order to reach the desired level of competency

Examinations and pass requirements

- i. The examinations in the ancillary modules should be successfully completed prior to, or simultaneously with, the examinations in the major subject/s, unless the Faculty Board decides otherwise.
- ii. General Regulation G.12.2 applies to the calculation of marks.
- iii. In order to obtain the MScAgric degree, the candidate must pass all prescribed modules, including the examination in the major subject/s, as well as the dissertation.

Curriculum: Year 1

Core modules

Dissertation: Animal science 890 (VKU 890)

Module credits	180.00
NQF Level	09
Prerequisites	No prerequisites.
Language of tuition	Module is presented in English
Department	Animal Science
Period of presentation	Year

Module content

Dissertation of 180 credits, which includes a preparatory workshop.

Curriculum: Final year

Core modules

Dissertation: Animal science 890 (VKU 890)

Module credits	180.00
NQF Level	09
Prerequisites	No prerequisites.
Language of tuition	Module is presented in English
Department	Animal Science
Period of presentation	Year

Module content

Dissertation of 180 credits, which includes a preparatory workshop.
