## MScAgric Animal Science Animal Breeding and Genetics (02255013)

**Department** Animal Science

**Minimum duration of study** 2 years

**Total credits** 180

**NQF level** 09

### Programme information

The curriculum for the MScAgric degree consists of a dissertation of 180 credits.

An MScAgric degree in Animal breeding and genetics offers students the opportunity to investigate livestock populations on either quantitative or molecular level. It combines population genetics and genetic improvement of livestock to improve the efficiency of production in farm animals. This program focusses mainly on the genetic diversity and evaluation of large and small stock, with an emphasis on welfare traits and sustainable farming. Projects in this program offer opportunities for inter disciplinary research.

#### Residence

On the recommendation of the relevant head of department, the Dean may set specific residential requirements for the MScAgric degree.

#### Renewal of registration

As long as progress is satisfactory, renewal of the registration of a master's student will be accepted for the second year of the study. Registration for a third and subsequent years will only take place when the Student Administration of the Faculty receives a written motivation which is supported by the relevant head of department and Postgraduate Studies Committee.
