Archaeological field methods and interpretation

Introduction to the history and application of key field techniques such as research design, field survey, mapping, GPS and GIS, Total Station, compass work, photography, excavation, rock art recording, basic curation of artefacts, data management- and heritage legislation. Practical instruction in artefact cleaning, curation, meta-data capture and exhibition.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The General Academic Regulations (G Regulations) and General Student Rules apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
