<b>Programmes</b>	<a href="#">BEngHons Chemical Engineering</a>
<b>Prerequisites</b>	No prerequisites.
<b>Contact time</b>	4 contact hours per semester
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Chemical Engineering
<b>Period of presentation</b>	Year

### Module content

A self-study module, intended for students who will be pursuing a Master's degree after completing the required Honours-modules. The content is discussed with the candidate by the research supervisor and will focus on a detailed literature study aimed towards preparation for the research dissertation or, in some cases, a specific selected topic.

Registration for this module is approved by the Head of Department.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
