### Module content

The objective of this module is to equip students with a thorough understanding of the legal and policy concepts shaping civil liability for activities pertaining to extractive industries. Topics include: (a) The general principles of the law of delict and specific areas of civil liability risk for extractive industries including general international civil liability trends, class actions, "piercing the corporate veil", civil liability for SHE incidents and for competition law contraventions; (b) Principles of product liability; (c) Evolving climate change civil liability concepts; (d) Civil liability dimensions of unconventional extraction methods such as hydraulic fracturing and coal bed methane extraction.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
