Module content

Executives are starting to see the importance of project management not as an operational response to execution, but as a form of management, with its multidisciplinary skills and particular demand in South Africa. With this being said a senior manager's ability to execute and deliver is becoming more pertinent to their role than any other measurable performance indicator. Management need to be strategic in how they approach and drive overall delivery within their areas of responsibility.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
