Prerequisites	No prerequisites.
Contact time	28 contact hours per 3 week cycle
Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 1 or Semester 2

Module content

In this module 'technology' and 'emerging markets' will be brought together. The module will explore the challenges that business face when entering emerging markets with a technology enabled offering. The module will not be a theoretical discussion but will take students through practical application of frameworks and tools. The module will start with a technology trends analysis – looking at technology developments over the last 5-10 years and assessing how new and emerging technologies could change the way business is done. If emerging markets are “how” right now, they are certainly not all equally “hot” and the elective will look at emerging country assessment to determine how managers should go about assessing an emerging country.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
