Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 1 or Semester 2

Module content

Overall, this module examines the macro-economic and political forces that influence the development and functioning of global economic governance. Of particular interest is the development of international organisations and their role in influencing and regulating the global business environment; the formation and development of international regimes such as those governing multilateral trade and development; trade and international labour standards; alternatives to intergovernmental regulation such as voluntary Codes of Conduct, Codes of Business Principles and their efficacy. In essence, this module offers an in-depth understanding of the complex international environment in which managers, business organisations and governments operate.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
