Module content

This module will provide students with the essential techniques, skills and insights that Senior Executives and Management require to successfully, strategically and effectively plan, manage, monitor and execute throughout the life cycle of a project. Students will be able to assess, identify and mitigate the potential and forecasted constraints, risks and issues that could be or will be over time causing failure within a project. Then to be able to report, communicate and manage key stakeholder's expectations, suppliers and team members' delivery through effective facilitation.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
