Period of presentation	Semester 2

Module content

This elective is aimed at students who either wish to enter into the management consulting profession or to understand the components of management consulting in order to be able to manage consultants in their senior management or executive positions. In many instances organisations do not receive the full benefit of retaining management consultants due to the inability of their own executive teams to work with these professionals in a way that brings positive results to the organisation. The management consultant is only as good as the brief they are given and can only add value in an enabling environment.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
