

University of Pretoria Yearbook 2022

Introduction to geospatial programming and databases 804 (GIS 804)

| | |
|-------------------------------|--|
| Qualification | Postgraduate |
| Faculty | Faculty of Natural and Agricultural Sciences |
| Module credits | 15.00 |
| NQF Level | 09 |
| Programmes | MSc (Applied Geoinformatics) (Coursework) |
| Prerequisites | No prerequisites. |
| Contact time | 28 contact hours |
| Language of tuition | Module is presented in English |
| Department | Geography Geoinformatics and Meteorology |
| Period of presentation | Semester 1 |

Module content

Introduction to programming specifically for applications with geospatial information. Introduction to database management systems with application to geospatial information.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
