### Module content

This module investigates methodological approaches to the practice of development. It focuses on methods and approaches most utilised by development researchers and practitioners in the field. The module aims to equip learners with applied and practical knowledge, as well as the skills to critically examine the approaches, methods, and techniques within the broader scholarly literature. Thus, the module will cover practical instruction in methodologies and approaches including participatory rural appraisal, monitoring and evaluation, aspects of qualitative and quantitative approaches, case study as well as primary and secondary data collection and analysis techniques.
