Module content

Students will acquire an in-depth understanding of ethical principles in relation to the various roles that industrial psychologists perform and how to apply these principles in the workplace. They will be able to critically evaluate ethical dilemmas, be articulate about the ethical principles that guide the profession and ensure conformance with the standards of moral conduct of the profession and the clients they serve.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
