Department	Architecture
Period of presentation	Semester 2

Module content

A study of the Mediterranean basin as nexus between the cultures of Asia, Europe, and the pre-colonial civilisations of North and West Africa. Cities, buildings, and gardens will be analysed to relate their form and order to the environmental, political, and philosophical conditions that influenced their making.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
