Faculty	Faculty of Health Sciences
Module credits	15.00
NQF Level	08
Programmes	PGDip (Family Medicine)
Language of tuition	Module is presented in English
Department	Family Medicine
Period of presentation	Year

Module content

Study of primary care over the whole quadruple burden of disease (HIV/AIDS, TB, maternal and child care, non-communicable diseases, trauma and violence) and in terms of the morbidity profile of primary care in South Africa. This include acute (emergency) care, chronic care and in some cases care provided in the midwife obstetric unit. Up-skilling to ensure that primary care doctors are familiar with the latest national guidelines across the whole burden of disease, and refreshed of all the clinical skills required.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The General Academic Regulations (G Regulations) and General Student Rules apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
