Module content

*Closed - BSocSciHons (Psychology) only.

The module focuses on the nature of community psychology, theoretical approaches, community settings, consultation, interventions and the design and management of effective programmes. It includes the planning, coordination and facilitation of workshops. The practical component is based on community interventions. The module consists of two components: a theoretical part to develop a frame of reference to use in thinking about community processes and practical experience to address community issues. Focus will be on needs assessment, design, implementation and evaluation of interventions, basic counselling and group facilitation skills.
