Module content

*Closed - BSocSciHons (Psychology) only.

This module addresses intermediate, well-formed and systematic knowledge and understanding of cognitive processes in order to provide evidence-based solutions for topical issues related to cognitive psychology. The module involves, inter alia, evaluation of current scholarly debates and discourses in cognitive psychology, analysis of contemporary contexts, and a critical evaluation of topical issues related to cognitive functioning.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
